

Rehabilitative and Assistive Robotics Research in Italy: The Fit4Medical Robotics Initiative

October 25th, 2024 Rome

I-RIM Workshop

**17.30 – 17.35 Welcome & Introduction, Workshop
Organizers**

**17.35 – 17.50 Clinical Translation & Innovation,
Marco Germanotta, Fondazione Don Carlo
Gnocchi**

17.50 – 18.20 Fit4Med for Rehabilitation Robotics:

- “Robotic Platforms & Allied Digital technologies for assessment and rehabilitation” - **Marco Controzzi**, Scuola Superiore Sant’Anna
- “AI and Wearable Sensors for Health KPI”, **Daniele Pucci**, Istituto Italiano di Tecnologia
- "The Sixth Robotic Finger: From Engineering Design to Clinical Practice", **Gionata Salvietti**, Università degli Studi di Siena

18.20 – 18.50 Fit4Med for Assistive Robotics:

- “Next Generation components for assistance” **Fanny Ficuciello**, Università degli Studi di Napoli Federico II
- “Diversity-aware care robots” **Antonio Sgorbissa**, Università degli Studi di Genova
- “Fostering Behavior Change through Cognitive Social Robotics”, **Christian Tamantini**, CNR-ISTC

Organizers:

Laura Fiorini, Università
degli studi di Firenze

Maura Casadio,
Università degli Studi di
Genova

Andrea Orlandini,
Consiglio Nazionale
delle ricerche
